

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground

Date of installation

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on:

- location
- kind of use
- frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

Small Timber House on Stilts
Order No. 4.10300/L4.10300/
4.10301/L4.10301

Small Timber House on Stilts with Door
Order No. 4.10310/L4.10310

Wooden parts

1. Check for rot and, if necessary, smooth out splinters and round off sharp edges of cracks.
2. Check all bolts and screws are tight and retighten if necessary.
3. Check steps for wear and tear. At least 2/3 of the material should be left.

Structural stability

4. In order to check for rot at wooden parts or steel feet for corrosion, uncover the foundation once a year.

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

For spare parts refer to back of page.
