

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

See-Saw Pump

Date of installation

Prior to the start of the frost period, disconnect from the water mains and pump until the equipment is drained completely:

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

1. Remove lid from see-saw platform and unscrew drainage plug from the water reservoir.
2. Loosen top bolt on the piston rod of the pump piston and leave the piston in the cylinder (loosely).
3. Open drainage valve (provided on site) on the jet pipe. Screw on lid again.

Intervals for maintenance work and checks generally depend on

- location
- usage
- frequency of use
- possible vandalism

For more details see also our general instructions for maintenance of playgrounds!

See-saw Pump

for connection to pressure line

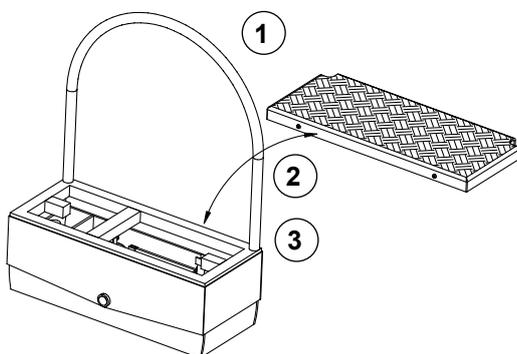

Order No. 5.18600

for water supply from a pond or similar

Order No. 5.18700

or with one-sided outlet, flush with the ground

Order No. 5.18750

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

..... Date

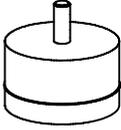

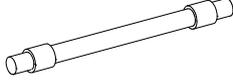

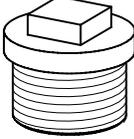

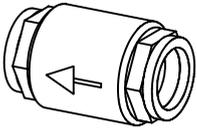

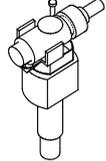

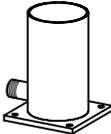

Spare parts

See-saw Pump

Order No. 5.18600 / 5.18700 / 5.18750

Please note that the safety standards of the equipment must not be affected. Therefore, when carrying out repairs it is helpful to **only use original parts**.

Order No.	Spare parts	Order No.	Spare parts
0.57100	Rubber puffer 	0.57155	Piston shaft 
0.57110	Shock absorber 	0.57160	Plug
