

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

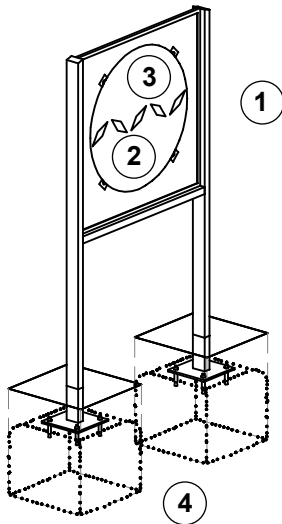

Intervals for maintenance work and checks generally depend on

- the location
- the usage
- the frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

Turning Circle
Order No. 10.13105

Moiré disc
Order No. 10.14005

Support frame

1. Clean with stainless steel spray using a clean cloth.

Mechanical parts

2. Check that disc can be turned freely, clean bearings of the disc if necessary.

Acrylic glass/Makrolon

3. Clean with commercially available dishwashing liquid or, better still, plastic cleaner (www.burnus.de), under no circumstances use spirits or turpentine!

Structural stability

4. In order to check the fixation to the ground or for corrosion, uncover the foundations once a year.

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:

..... Date
