

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation

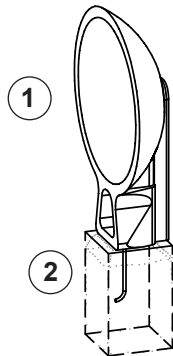

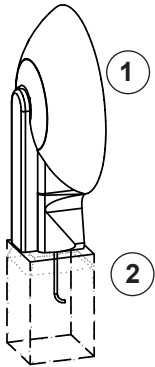

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- the location
- the usage
- the frequency of use
- possible vandalism

For more details see also "General instructions for maintenance of playgrounds".

Parabolic Reflector
Order No. 9.05000

Concrete

1. Check the equipment for damages due to vandalism (chipped edges of the concrete), if necessary smooth over with an angle grinder or else repair using fast setting cement or epoxy resin.

Structural stability

2. Check anchoring to the ground once a year, re-tighten if necessary.
