

Instructions for wear checks of play equipment

The equipment must be checked for correct operation and safety, especially the points listed below:

Proof of maintenance

Playground.....

Date of installation

Checks depend on the type of equipment. Any equipment with moving parts must be checked at least twice a year, static equipment at least once a year.

Intervals for maintenance work and checks generally depend on

- location
- usage
- frequency of use
- possible vandalism

For more details see also our general instructions for maintenance of playgrounds!

Duck Family
Order No. 4.24240 / 4.24245

Chicken Family
Order No. 4.24260 / 4.24265

Wooden parts

1. Check for rot and, if necessary, smooth out splinters and round off sharp edges of cracks.
2. Check that all bolts and screws are tight and retighten if necessary.
3. **Recommendation:** apply environmentally-friendly wax to the edges of the plywood boards twice a year.
4. If required, touch up or renew the paint-work using a solvent-free acrylic paint.

Rocking mechanism

5. Check for wear and tear, replace rubber buffers/metal bushes if necessary.

Ropes

6. Check that ropes are securely connected.
7. Replace if steel reinforcement is damaged.

Structural stability

8. Examine the foundation by rocking the equipment once a year.

Special notes, e.g. for repairs

Repair not carried out, it is still possible to play on equipment

Repair not carried out, equipment is taken out of action

All work carried out, everything is in order

Maintenance carried out by:
